

Fishers Farm Park is the top, award-winning family visitor attraction located in Wisborough Green on the edge of the South Downs National Park, in the heart of the West Sussex countryside.

We're open all year from 10.00 – 5.00

We offer a unique mixture of farm animals and adventure play - the ideal place for action-packed days out with the kids, **birthday parties**, **schools** and groups.

The Park is designed for families with toddlers to 10 years old. The fun begins as you enter the **indoor soft play** barns where the children can let off steam and you can relax with a drink (and piece of Trina's homemade chocolate cake!) in the **coffee shop**. (Sorry, no dogs permitted).
